Literacy	Communication and Language	Physical Development	Understanding the World	Characteristics of Effective Learning
- Encourage children to write stories using phonic knowledge. - Little Wandle phonics. - Non-fiction topic books – sparked by cohort interest - Use vocabulary and forms of speech that are increasingly influenced by their experiences of books.	- Say/sing rhymes, poems and songs - Listen and respond with a variety of questions. - Answer questions and describe events in increasing detail. - Helicopter story telling. - Show and Tell - NELI language Intervention	- Running skills - Obstacle courses - Outside games - Jumping and ball skills. - Solent core strength work	- Create opportunities to discuss how we care for the natural world around us. - Encourage interactions with the outdoors to foster curiosity and give children freedom to touch, smell and hear the natural world around them during hands-on experiences.	- Independence - Setting personal challenges - Concentrating - Stamina - Making links in learning.

How to help at home:

Enjoy reading and sharing books together, visit the local library. Continue to celebrate phonics learning and explore phonics card together at home. Bring simple maths into everyday life – weighing out ingredients, measuring growth in height, singing number songs. Encourage challenge and perseverance with independence skills. Enjoy chatting with and listening to your child as they ask questions and share their thoughts on topics that ignite their curiosity. Share and celebrate your child's enthusiasm towards learning – post on Tapestry and we can celebrate together.
